IP Multicast Routing

Karl Jeacle

Eircom

Monday, November 6th, 2006

Biography

Karl Jeacle is an IP Network Architect in eircom, working on Network Strategy in the Office of the CTO.

Karl has been involved with eircom's ISP operation since the launch of TINET in 1996 and was a key member of the core network infrastructure team responsible for planning, building and maintaining eircom's national and international IP network. Previously, he was a member of Broadcom Eireann Research, a joint R&D subsidiary of eircom and Ericsson.

More recently, Karl has designed the TCP-XM protocol, an extension to TCP which supports multicast. Karl holds a Ph.D in Computer Networking from the University of Cambridge.
