## High Performance Computing Projects in SCI-SYM

**Ray Walshe**

Assoc. Director, SCI-SYM  
Dublin City University

Tuesday, October 28th, 2008

### **Abstract:**

DCU awarded research centre status to the Scientific Computing & Complex Systems Modeling (SCI-SYM) group in 2008. This internationally recognised research group has at its core membership from various disciplines including Computing, Mathematics, Physics, Engineering and Biotechnology. Such synergy has led to interdisciplinary collaborations in exciting new research projects. This talk will outline the structure and membership of SCI-SYM and introduce some of the research labs involved. The talk will describe a number of the high performance computing (HPC) projects SCI-SYM members are involved in and provide some discussion on current and future work.

**Venue:** Seminar Room, Hamilton Institute, Rye Hall,  
NUI Maynooth

**Time:** 1.00 - 2.00pm (followed by tea/coffee)

Travel directions are available at [www.hamilton.ie](http://www.hamilton.ie)
