

Hamilton Institute

**Announcement: Joint Seminar in Systems Biology**

The Institute of Immunology &

The Hamilton Institute,

**An Overview of  
Computational and  
Theoretical Immunology**

**Alan S. Perelson**

Los Alamos National Laboratory, USA

**Tuesday May 31<sup>st</sup> 10.30am-11.30am**

**Hamilton Institute Seminar Room, NUI Maynooth**

Following graduate studies at MIT and a PhD from UC Berkeley, Alan Perelson studied in Oxford, and the Ecole Normale Supérieure, Paris. He is currently a Los Alamos National Laboratory Senior Fellow, head of the Theoretical Immunology Program at the Santa Fe Institute and an adjunct professor of Bioinformatics at Boston University. His interests include the kinetics of host-pathogen interaction, Influenza and Hep C infection, and modelling of immunity.

**NUI MAYNOOTH**
